Profile

About 60 words describing who you are as an individual. Briefly highlight your background, key strengths, and personal qualities, and provide a sense of your career interests or aspirations. Focus on what makes you a strong candidate and the value you can bring, rather than listing detailed experience, qualifications, or technical skills that are covered elsewhere in the CV.

Experience

Job Title	Start Date – End Date
Organisation Name – Location	

- Describe a key responsibility or area of ownership within the role.
- Highlight a significant achievement, improvement, or measurable outcome that demonstrates your impact.
- Include an example of relevant technical, analytical, administrative, or project-based work undertaken.
- Demonstrate collaboration with colleagues, stakeholders, customers, or external organisations where applicable.
- Showcase communication skills through reports, presentations, correspondence, content creation, or similar activities.
- Include any additional achievements, initiatives, leadership, problem-solving, or specialist responsibilities relevant to the role.

Job Title	Start Date – End Date
Organisation Name	

- Describe key responsibilities and the scope of your work.
- Highlight notable achievements, projects, skills developed, or measurable outcomes delivered.

Education

Degree Title, University Name Start Year – End Year
Expected Graduation / Graduation Date

- Include notable academic achievements, awards, scholarships, or distinctions where relevant.
- Highlight dissertations, research projects, or coursework that demonstrates relevant knowledge or skills.
- Include extracurricular activities, leadership positions, societies, volunteering, or other achievements that showcase transferable skills.

A-Levels (or Equivalent), Institution Name Start Year – End Year

- List subjects studied and grades achieved.

GCSEs (or Equivalent), Institution Name Start Year – End Year

- Include a brief summary of results or state that details are available upon request.
